Dear Niki

For us, May has signalled the blooming of our beautiful bluebells on the farms (pictured above). For lots of us here at Yeo Valley Organic, its also been the month we've dug out our BBQs and made the most of the start of Summer by embracing the season of alfresco dining – we hope you do the same!

BBQ Recipes

BBQs don't have to be just bangers and burgers. Why not try something a little more adventurous with our delicious recipes? The Chilli and Lime Chicken is spicy and zingy all in one mouthful, while the Grilled Cornish Mackerel with Yogurt Mustard Dressing is an easy but impressive BBQ dish for friends. And if the weather isn't up to scratch, they work just as well in the kitchen!
